

## PUTS LID ON DANCING

University Students Can't Go Unless Sanctioned by University.

Lawrence, Oct. 6.—Apparently the lid has been put on dances at the University of Kansas to an extent that public subscription dances are no longer proper. At one of the local halls J. L. Newhouse gave what was termed a 'varsity dance' and, according to reports, only three couples attended. It is not known certainly that the dancers were university students, but from the statement made by Mr. Newhouse it would seem that they were.

"No, I don't think there will be any more 'varsity parties,'" said Mr. Newhouse. "At least I shall not finance any more of them. The three couples that were there were so scared that I don't believe they will ever come back to another one."

Friday afternoon a professor of the university called up at least one sorority house and the report has it that he called all of them by telephone, to tell the girls that it would be best for them not to attend the dances. It is reported that he told the girls he was not threatening, but just giving them a warning.

There is considerable agitation among the students here against the faculty ruling. A majority of the students do not belong to clubs or organizations and therefore depend for their recreation on the weekly subscription dances that used to be held here. The university ruling makes it impossible for any one to attend a dance unless it is given by an organization and sanctioned by the faculty. There seems to be no recourse from this ruling.

Hereafter, it is said, written permission will have to be obtained before a dance can be staged.

What the cause for all this change is, few persons know positively, but many say that the publication of stories about the conditions here have caused some of the rigid actions.

## ANOTHER SILO SPECIAL

State and Santa Fe to Run Train to Southwest.

Manhattan, Kan., Oct. 6.—Another demonstration train in being scheduled for western Kansas. This time the Kansas State Agricultural college and the Santa Fe railroad are co-operating in running a silage and livestock special over the Santa Fe lines west and southwest of Wichita. The needs of this vast "sorghum empire" have been carefully studied and that it should fulfill its destiny and become a great forage and livestock region will be emphasized on this train. The place the silo will take in this permanent system of farming will be shown.

The people of western Kansas are thoroughly progressive and quick to grasp and put into practice improved methods whenever their worth is proven. It is expected this special will do much in convincing them that live stock farming is the only safe and permanent system to be followed in this part of the state.

Mr. A. S. Neele of the extension division of the Agricultural college and Mr. Lee H. Gould, demonstration agent for southwest Kansas, who is co-operatively employed by the Agricultural college and the Santa Fe railroad, will accompany the train throughout the trip. Superintendent E. C. Johnson of the college expects to be present the first two days and Mr. C. Wheeler, formerly with the extension division of the Agricultural college, will also be present for a few days. Mr. L. F. Bacon will be in charge of the train for the Santa Fe. The train will be run during the week of Nov. 2-9. Definite schedules will be announced later.

## RICE COUNTY LAWYER SHOT.

O. E. Hopkins Wrestled With Wife for Possession of Revolver.

Lyons, Kan., Oct. 6.—Ora E. Hopkins, one of the leading attorneys of Rice county and a cousin of Justice R. A. Burch of the supreme court, shot himself Thursday evening.

He was struggling with his wife over the possession of the revolver, when it was discharged, the bullet entering his head just above and in front of the right ear, causing instant death.

## NEW LOCATION, OCT. 10th

C. H. MORRISON, The Optician.

will move his OPTICAL OFFICE AND LENS FACTORY to second floor 527 Kansas avenue Oct. 10th.

These large and newly remodeled rooms make one of the largest and most up-to-date exclusive optical houses in the state.

Mr. Morrison has practiced Optometry in Topeka over twenty-five years. Four years ago he added a manufacturing and wholesale optical business—THE NORMAL LIGHT LENS CO.

## "WHILE YOU WAIT."

MORRISON'S lens factory can manufacture and duplicate any broken spectacle or eye glass lens, however complicated or whatever style, IN LESS THAN ONE HOUR'S TIME.

Most lenses can be replaced

## "WHILE YOU WAIT."

## We Assume the Agency OF THE FAMOUS Pictorial Review Patterns

After careful investigation of the various paper patterns manufactured, we have decided to discontinue the sale of Butterick and take up the sale of PICTORIAL REVIEW PATTERNS.

We find that these patterns have many features of excellence which commend them to women who make their own dresses, and the artistic originality and individuality of the styles appeal to the best professional dressmakers and tailors as well.

## In Installing This Line

we are influenced solely by the advantages possessed by Pictorial Review Patterns, which will be readily recognized by women when they visit our Pattern Section and look through the Fall Fashion Book now on sale.

The cutting and construction guides free with each pattern, are a wonderful help to the home dressmaker, showing just how to lay the pattern on the material to cut to the best advantage; how to match stripes, checks, etc., and then just how to sew the pieces together, just how to place pockets, folds and each individual part to make the perfect garment.

We assume the agency for these patterns fully convinced that they are superior to any others—and that they will meet the hearty appreciation of our patrons.

The New FALL FASHION BOOK, now on sale illustrates in the original, most fashionable colors, all that is new and stylish for the Fall Season. It costs only 10 cents additional if you buy one 15c Pictorial Review Pattern.

The Crosby Bros Co

## LINCOLN'S CHURCH

Built by Popular Subscription to Elder Bradbury.

Replace Old House of Worship Built During Frontier Days.

Lincoln, Oct. 6.—Among the several public improvements now being made in Lincoln is the Presbyterian church. The old church, which was built about 40 years ago by Rev. H. C. Bradbury, who organized it here with a membership of three, has been torn down. In its place is being erected a more commodious stone structure.

The new building will have a seating capacity of 600 people, and a basement which has been especially fitted up for Sunday school purposes. There will be a kitchen, dining room, auditorium and other modern conveniences. The first floor will have a number of rooms for Sabbath school purposes. One of the distinctive features of the new structure will be a large art glass window, the gift from members and friends of Rev. Bradbury for his forty years of patient labor. He has organized churches in several other towns, including Minneapolis, Wilson, Ellsworth, Beloit, Sylvan Grove and Shady Bend. The money for this token of honor to his memory is being raised by popular subscription and more than \$10,000 has been subscribed the day of the dedication. No weather is too stormy nor road too rough or long that he will not go on a mission of mercy, sympathy or on the pious occasion of a wedding. Elder Bradbury has established not less than 20 churches and Sunday schools since his residence here. The new church will cost from \$10,000 to \$12,000. It is being built by day labor and popular subscription.

## PRODUCE SHOW AT EMPORIA.

Schools and Farmers Will Assist Merchants of City.

Emporia, Kan., Oct. 6.—Lyon county and Emporia will hold what its boosters have named a "Progressive Produce show" in Emporia, this week, October 8, 9 and 10. Wednesday, October 9, will be merchants' day, and probably one hundred floats will be in the big parade, which will be the feature of that day.

Thursday will be farmers' day, when all the best live stock in Lyon county will be exhibited. Fruits and vegetables will be shown every day, the merchants and other business houses having agreed to furnish window space for all corners. There will be races at the Emporia tracks Thursday afternoon.

Friday will be schools day, and it is estimated that 7,500 children will be in the parade.

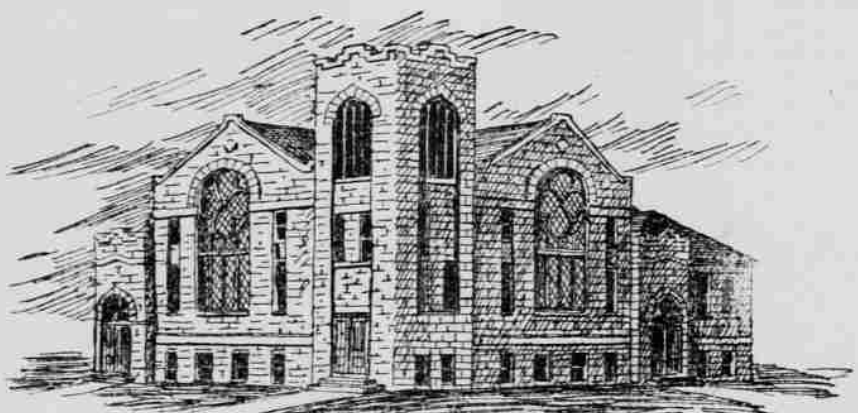

The State Normal school will be represented by sixteen floats, and each of the departments will be organized and formed in groups. The entire student body, 1,700 strong, will march in the parade. The state board of educational administration and the entire faculty and administrative force will ride in carriages and automobiles in this parade.

The College of Emporia will have eight or ten floats in this show. The Farmers' institute will be in session two days—Wednesday and Thursday—during the show, and the women's auxiliary to that organization also will meet.

## YANTIS GOT RIGHT OF WAY.

Treated Scott City People to Picnic and Makes Desires Known.

Garden city, Kan., Oct. 6.—Steve Lawrence, who has been in Scott City painting the cars and engines for the Scott City Northern, says that everyone up in that country is laughing about the way Manager Yantis, for the Northern, put one over on the Santa Fe. Both roads coveted the right of way over a certain street, the Santa Fe to avoid a dangerous crossing and the Northern because it needed the street. So Yantis gave a big picnic on the Beaver, took all Scott City up there, treated everyone to real

New Presbyterian Church of Lincoln, a Monument to Elder Bradbury.

lemonade and ham sandwiches, and that evening he appeared before the council and got what he wanted. If the Santa Fe had just thought of it in time and had set up a Dutch lunch things might have been different.

## TO ENTERTAIN TOPEKANS.

Topeka Automobileists Will Stop Off on Way to Hutchinson.

Salina, Kan., Oct. 6.—The Salina Automobile association will entertain the Topeka motorists tonight when they stop here, en route to Hutchinson to attend the meeting of the State Automobile association, Tuesday and Wednesday. Plans for the entertainment of 100 guests are being made, it being expected that if fully 100 persons do not start from Topeka, a sufficient number will be picked up along the route to make it up. The entertainment will be held at the new city hall.

## TO MEET IN TOPEKA.

Veterans of Thirtieth Regiment Close Reunion at Atchison.

Atchison, Kan., Oct. 6.—At a business meeting of veterans of the thirtieth Kansas regiment here, it was decided to hold the next reunion at Topeka on the first Wednesday in October, 1914.

D. E. Marvin of Kansas City was elected chairman and M. L. Earhart of Kansas City secretary.

## To Put in Water System.

Smith Center, Kan., Oct. 6.—The town of Eshon a few days ago at a

## DON'T SCOLD AN IRRITABLE CHILD

Look, Mother! If little tongue is coated give "California Syrup of Figs"—Children love it.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful and in a few hours all the food waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup company." Counterfeits are being sold here. Don't be fooled!—Adv.

## HARRY KEMP IN JAIL.

Shipped as Stowaway on Oceanic—Wanted to Visit Europe.

Southampton, Eng., Oct. 6.—A sentence of 21 days at hard labor was pronounced today on Harry Kemp, the American verse writer, who was charged with stowing himself away on board the steamship Oceanic on her last voyage from New York. The magistrate sent a recommendation to the home office that Kemp should be deported after he had served his term of imprisonment.

Southampton, Oct. 6.—Harry Kemp, an American, who writes poetry and who eloped with the wife of Upton Sinclair, will be arraigned before a magistrate this morning to answer the charge of stowing away on the steamship Oceanic. The Oceanic arrived here Sunday and Kemp spent the night in jail. The poet shipped on the Oceanic as a stowaway prior to the steamer's departure from New York. He was without money, but as he remarked, he had an irresistible desire to visit England. He had tried in vain for an opportunity to work his way across on a cattle ship and so walked aboard the Oceanic. He was a note to the captain confessing that he was without funds and was put to work as an assistant steward.

Kemp tried to land at Plymouth but the captain ordered him under arrest and will appear against him in court.

## ON EDGE OF DEATH VALLEY.

Chase County Men Waiting for Decrease in Temperature.

Cottonwood Falls, Kan., Oct. 6.—After journeying to Death Valley, California, to seek gold, the four Chase county men who left their homes at this time several weeks ago, now are unable to enter the valley in their search on account of the intense heat, according to letters received by their families here.

They are camping on the edge of the valley, where they expect to wait until the temperature becomes lower. The men are J. M. Carr and Will Rinebarger of Cedar Point, and James Watson and J. L. Thompson.

## BONES LINE HIGHWAY.

Summer Sun's Rays Bleach Carcasses of Horses—Ready for Market.

Jetmore, Kan., Oct. 6.—Not since the passing of the last of the buffalo has the bone industry been known in this community until this fall. The dry summer has bleached out the bones of the many horses lost last fall and the cattle which died in the blizzards two years ago, and now several tons of bones line the railroad track awaiting shipment.

## Clay Center Auto Run.

Clay Center, Kan., Oct. 6.—The Clay County Automobile club is planning upon a two days' sociability run this

## TO KILL CHINCH BUGS.

Manhattan, Kan., Oct. 6.—Several hundred farmers' institutes in eastern Kansas will plan a co-operative destruction of chinch bugs in this state next Saturday. That is "chinch bug day" in Kansas, according to a call to arms issued a few days ago by Edward C. Johnson, superintendent of institutes at the Kansas Agricultural college. The bugs are not to be killed next Saturday; it is a day for planning co-operative burning campaigns in November and December, after the bugs have settled down for the winter. To make the burning method more effective and more general, the Agricultural college will ask Governor Hodges to issue a proclamation for a week of chinch bug burning, late in the fall.

Careful tests made at the Kansas Agricultural college show that fire

## This Week Special Demonstration of Acorn Stoves and Ranges

EVERY housewife who appreciates a comfortably heated home and a fine baking range, cannot fail to be interested in this demonstration. Mr. Hutchinson, a factory representative, will be here. He knows the stove business from A to Z. He can answer any question you put to him and gladly do it. Your presence is cordially invited at any time during the week.

Come and allow yourself to be convinced that it pays to buy a good stove.

Come and see the Air Blast Acorn burn the smoke as well as the coal.

When one can buy a soft coal heater that will burn the smoke and all the gases that emanate from soft coal, radiate more heat, use less fuel and last longer, it would seem foolhardiness to buy any other kind. These are some of the things Mr. Hutchinson wants to take up with you when you call.

If you work hard to prepare a fine cake and the range fails to do its work properly, you have not only spoiled a cake, but the day as well. An Acorn Range means the end of baking troubles.

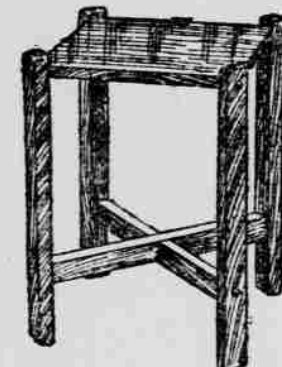

## An Acorn Air Blast To Be Given Away

On Saturday afternoon, October 11th, the last day of the demonstration, Rathbone, Sard & Co., makers of Acorn Stoves, will give away, Absolutely Free, one Acorn Air Blast Heater, just like the picture shown here. For information as to the method of distribution, call at our Stove Department any time before noon of Saturday next.

## Make Your Windows Beautiful

The windows of a home invite the first look of a visitor. If daintily hung with a tasty pair of Scrim Curtains they convey a good impression, which naturally extends to the other furnishings.

If scrim was ever popular as a curtain material it is more so now than ever. We are showing them in many different qualities and a very diversified assortment of styles at all prices from \$1.50 to \$14.50 the pair. We feature some that are excellent values at \$2.00 to \$4.00.

## 50c Taborets 39c

If you have potted plants that you wish to set about the house here and there, then you will need just such handy bits of furniture as these.

Mission finished Oak Taborets, substantially built in a style like the picture along side. In a regular way they sell for 50c each. We have 100 of them to offer today and tomorrow at, each.....39¢

## Good News for People Who Have a Trunk to Buy

To be truthful about the matter, we find that we have too many Steamer Trunks in stock and to effect a quick reduction we have lowered the price of every one we have with the exception of "Indestructo" Steamers. Here are some examples showing what prices were and what they are now:

\$6.75—38-in. Steamer .....	\$5.30	\$10.00—38-in Steamer .....	\$8.35
7.25—36-in. Steamer .....	5.95	11.25—38-in Steamer .....	9.35
7.50—38-in. Steamer .....	6.25	12.00—36-in. Steamer .....	10.00
7.75—40-in. Steamer .....	6.50	13.50—36-in. Steamer .....	11.50
8.25—36-in. Steamer .....	6.80	15.00—40-in. Steamer .....	12.95
9.00—40-in. Steamer .....	7.38	23.50—38-in. Steamer .....	19.25
